

TEACHER WORK FORM

Teacher's entering students in District Auditions are required to help. Enrollments are not complete until this form is emailed or mailed to the District President. If you are unable to work your appointed time, it is **the teacher's responsibility to provide a suitable replacement, i.e. parent, adult student, spouse, etc.**

Please note your availability to work in a **first** and **second choice**. We try to schedule people for two to three hour shifts. However, those with bigger enrollments should expect to work a little longer. You **MUST** give at least two choices of times for this enrollment to be considered complete.

Please check deadlines for your District.
